**Descriptor.** (Optional.) A short phrase (3-8 words) that you'll use with your name and logo to describe who you are or what you do. A descriptor is especially helpful if your name isn't self-explanatory. Can be used in addition to or instead of a tagline. **Examples:** Grass-fed meat from the Valley. Conscientiously grown produce. A third-generation family farm.

- **Longer Description.** You may want to add a few words to your descriptor to create a 25-word, a 50-word, and a 100-word description that you can use on your website, social media, etc.

**Tagline.** (Optional.) A short, catchy phrase that you'll use with your name and logo to inspire a positive association for your customers. A tagline should convey your farm's spirit or purpose. **Examples:** Apple: Think Different. Kashi: Seven whole grains on a mission. Campbell's Soup: Mmm good. Disney: Where Dreams Come True.

**Key messages.** List the 3 most important concepts, facts, or statistics that you most want people to know or think about your farm or products. Are you a fourth generation family farm? Certified organic? Producing heirloom tomatoes? An escapee from Wall Street? Seeking to create community?
